Ending Domestic and Sexual Violence

The Houston Police Department and the Houston Area Women's Center are working together to educate the community in order to prevent domestic violence, sexual assault and dating violence. Through education we work to provide resources for survivors and to increase the reporting of sexual and domestic violence to law enforcement.

What is Domestic Violence?

Domestic violence is the use of physical force or threatening behavior by one member of a household towards another. **It is against the law!**

Domestic Violence Includes:

Physical Abuse: hitting, kicking, choking, punching, slapping, burning and shoving

Emotional Abuse: constant criticism and insults, isolation from family, friends and coworkers, threats against the victim and the victim's family

Economic Abuse: not allowing the victim to work or study, not allowing the victim to have access to checking and savings accounts, controlling finances

Sexual Abuse: rape, forcing the victim to participate in sexual activities that she or he finds degrading

Warning Signs of a Batterer
